

Daddy's Arms

D6 D6add2 D6 D6add2

Daddy, can you leave the hall light on?

D6 D6add2 D6 D6add2

I can't fall asleep when I'm all alone.

G6add2

'Cause if I close my eyes, I may have a bad dream.

D6 D6add2 D6 D6add2

If I cry in the night who will come for me?

A2 G6 D6 D6add2

Daddy's arms will rescue me.

A2 G6 D6 D6add2 D6 D6add2

Daddy's arms will rescue me.

Same Chords Throughout

Daddy, I don't think I can learn to swim.

I fear I'm gonna sink if I jump right in.

I don't have a vest or my floaties on.

But I see you in the deep with your open arms.

Daddy's arms will rescue me.

Yes, I wanna know how the big boys feel,

But I only wanna ride with my training wheels.

'Cause if I fall down I will scrape my knee.

Maybe if you run right along with me.

Daddy's arms will rescue me.
